

Willamette Water Supply
Our Reliable Water

KIEWIT INFRASTRUCTURE WEST CO. as Construction Manager General Contractor

Oregon's Certification Office for Business Inclusion (COBID) certified Disadvantaged Business Enterprise (DBE), Minority/Women/Emerging Small Business firms and qualified local and regional businesses are invited to a procurement outreach workshop for the Willamette Water Supply System Raw Water Facilities Expansion Project.

The Raw Water Facilities Project consists of expanding the existing Willamette River Water Treatment Plant to achieve a pumping capacity of 60 million gallons per day (MGD), Installation of a new water main, ground soil improvements and related work. Visit www.ourreliablewater.org/business-utilization-info/ for addition information.

Kiewit will share subcontracting, supply and services for the project. Representatives from the Tualatin Valley Water District, City of Hillsboro, City of Beaverton (collectively known as Owner) & Kiewit Infrastructure West Co. known as Construction Manager/General Contractor (CM/GC) will be available to answer questions.
