

Upper Fanno Creek Tunnel Crossing & Allen Blvd Pipeline Work Area

Construction will resume in the lawn area of Brookside Estates, at Merry Lane, and in the Scholls Ferry Road at the Allen Boulevard intersection on Monday, October 23rd. Please ensure you and others in your care obey posted signs to protect safety, follow directions of flaggers and workers.

Tunneling Activities

(1, 2, and 3 on map)

This will create loud noises and vibration for about two weeks while shoring is installed. After the shoring is installed, crews will dig deep shafts for about another two weeks. Next, tunneling equipment will be used to tunnel between the shafts for several months.

Work hours are 7 am to 7 pm Mon-Fri. Expect a single northbound travel lane closure. Activities will last a total of about 4 months.

Allen Blvd Intersection work (4 on map)

In early 2024, the remaining pipeline through the Allen Boulevard/Scholls Ferry Road intersection will be installed at night.

Work hours are 7 pm to 6 am planned for early 2024. Expect a total of about one week for work.
